- 6 I'm often surprised when \_\_\_\_\_.
- 7 \_\_\_\_\_ makes me miserable.
- 8 The last time I was furious was when \_\_\_\_\_.

- 5 Replace the adjectives in bold with stronger adjectives.

Hi Marissa

How are you? Our trip to London was **nice** wonderful, but after three days of walking I was **tired** <sup>1</sup>\_\_\_\_\_.

At the beginning it was **scary** <sup>2</sup>\_\_\_\_\_ walking around a big city on our own, but I had an app with a map and there weren't any problems.

Everyone told us about the **bad** <sup>3</sup>\_\_\_\_\_ weather, but guess what – it didn't rain at all! And the food was **tasty** <sup>4</sup>\_\_\_\_\_, especially the fish and chips.

It was such a **good** <sup>5</sup>\_\_\_\_\_ trip! London is **an interesting** <sup>6</sup>\_\_\_\_\_ city. We were a bit **sad** <sup>7</sup>\_\_\_\_\_ when we had to leave. I hope I'll visit it again soon.

Take care,  
Caleb
